Note: Image above does not exactly match the detail within this design.
You will need:
- 94 - 16"/14"w Country Manor/Stonegate Large units
- 96 - 12"/10"w Country Manor/Stonegate Medium units
- 94 - 6"/4"w Country Manor/Stonegate Small units
- Leveling Pad Material - 27.5 cf
- 354 ± Keystone Interlocking Pins* (50/bag)
- 16 Tubes ± Exterior Grade Construction Adhesive
- Built-in Grill* (30¾"w x 20"d x 9¾"h rough opening)
- Built-in Grill Double Side Burner* (22¾"w x 17¾"d x 3¾"h opening)
- Refrigerator & Frame* (20"w x 30"d x 36"h rough opening)
- Bar Center w/sink* (29"w x 30"d x 9¾"h rough opening)
- Access Door* (15¾"w x 22"h rough opening)
- Upper Counter Material - 143" x 18"
- Lower Counter Material - 143" x 31½"

*Modify rough opening sizes in both the block units and counter top to accommodate different sized appliances, if needed.

Notes:
- All Keystone Country Manor/Stonegate units are 6"h x 10"d.
- Keystone recommends the use of its interlocking pins when alignment allows. Use pins in conjunction with concrete adhesive to maximize stability of your structure.
Access Door/Refrigerator Opening Frame Installation Note:

- **Access Door** - After built-in grill is installed, adjust door w/frame vertically to desired position. Shim frame as needed. Fill top and or bottom exposed openings w/stainless steel trim as needed.

- **Opening Frame** - Cut top frame piece to fit opening width. Adjust frame vertically to desired position. Fill top exposed opening w/stainless steel trim as needed.

**General Note:**
In consideration of freeze / thaw issues during the cold weather season it is recommended that this outdoor built-in grill station element be protected from rain, snow and ice as necessary.

---

**Grill Station Kit Front Elevation**

- **Built-In Grill**
- **Built-In Grill Side Burner**
- **Grill Station Base**
- **Counter Top Material**
- **Back Wall Counter Top Material**
- **Grill Station Back Wall**
- **Bar Center w/Sink**
- **Grill Station Refrigerator and Opening Frame**
- **Grill Gas Tank or Storage Access Door**
- **Leveling Pad**
- **Finished Grade**
- **Grill Station Base**
- **42” Grill Station Base**
- **43 3/16” ± Base Ctr**
- **48” Grill Station Back Wall**
- **49 3/16” ± Back Wall Ctr**
- **6” (Typ)**
- **140” (11’-8”) Grill Station Kit (Base / Back Wall)**

**Note:**
This design uses a Outdoor Stainless Steel Built-In Grill Insert w/Stainless Steel Accessories.
Counter Top Support Note:
Provide under counter support as needed depending on the overhang of the counter and the type of counter top material used.

Note:
This design uses a Outdoor Stainless Steel Built-In Grill Insert w/Stainless Steel Accessories.
**Note:**
See foundation layout details sheet for further foundation information.

**Grill Station Kit Clearance Side Elevation**

**Grill Station Kit Clearance Front Isometric**
Remember to:
• Call 811 to locate utility lines prior to digging.
• Follow manufacturer’s instructions and local codes.

On Grade Installation Note:
If the Grill Station is to be built on top of a stable patio or hardscape surface eliminate the 1st course and base leveling pad for the grill station design.

Appliance Service Note:
Plan gas, electrical, water and drain service and install prior to and during construction as needed.
1st Course Isometric

Grill Station Leveling Pad Below

6" (Typ)

Grill Kit Width Note:
Due to block outside face texture variances when building the grill station kit courses the outside dimensions of the courses may get wider than desired. If required cut a interior perimeter unit to get the required outside dimension.

On Grade Installation Note:
If the Grill Station is to be built on top of a stable patio or hardscape surface eliminate the 1st course and base leveling pad for the grill station design.
