

## PATIO STONES | INSIGNIA® PATIO STONE

Smooth and textured surfaces combine to create an appealing, contemporary look with Keystone's Insignia patio stone. With complementing wall and edger systems, the Insignia collection takes the guess work out of designing – transforming your outdoor space into a showpiece.

Complementing Insignia wall & Insignia edger

**Unit Dimensions:**

2" h x 16" w x 16" d (50mm x 406mm x 406mm)

**Weight.:** 40 lbs (18 kg)

**Units/sq.ft.:** 0.56

### FEATURES & BENEFITS

**Perfect for:**

- Patios
- Walkways

**Installation & Performance:**

- 16" x 16" (406mm x 406mm) square units help make estimating and purchasing easy.
- Simple single unit installation results in striking patterns for a signature look.
- Concrete pavers withstand the forces of weather, water and traffic.

**Modern Elegance:**

- A simple shape with big impact.
- Translates the contemporary combination of geometry and varied texture into a 16" (406mm) format that is a homeowner favorite.

**Note:** Unit color, dimensions, weight & availability varies by manufacturer.

**PATIO STONES | INSIGNIA® PATIO**

**INSTALLATION**

Excavate the installation area to approximately 6in. (152mm) larger on all sides than the actual finished size.

Lay patio stones in the desired pattern. If the desired pattern requires cutting, the patio stones can be cut with a wet saw.

Install patio base to a compacted finished thickness of 4in. (102mm) for patios and walkways.

Install patio restraint edging and spikes around the project, according to the manufacturer's instruction.

Lay a 1in. (25mm) outside diameter pipe on base. Spread 1in. (25mm) of sand over compacted base. Level the sand by dragging a 2in. x 4in. (51mm x 102mm) board over pipe.

Spread sand on the installation and sweep into joints, according to manufacturer's instructions. Sweep off any loose sand from project surface.

**ESTIMATING**

Use this chart to estimate the number of 16" units you will need.

16" (406mm) Unit	Project Square Feet (length x width)							
	20' (6.1m)	30' (9.1m)	50' (15.2m)	100' (30.5m)	150' (45.7m)	200' (61.0m)	250' (76.2m)	300' (91.4m)
Units	11	17	28	56	84	112	140	168
