

EDGERS | GRAND PRIZE™ EDGER

With sleek styling and a versatile shape, the Grand Prize edger redefines edging. No need to limit your imagination, the Grand Prize edger makes it easy to create traditional squares, elegant circles, ovals, intersections, and serpentine. Grand Prize edger is known as Geometric edger in some markets.

Unit Dimensions:

3.125" h x 3.125" w x 12" l
(79mm x 79mm x 305mm)

Weight.: 8 lbs (4 kg)

Units/linear ft.: 1

FEATURES & BENEFITS

Perfect for:

- Garden edging
- Lawn edging
- Borders
- Tree rings

Easy to Install:

- Easily creates straight lines, curves, and angles up to 180°, off of any ball joint on the unit.
- 90° corners can be made in the middle of the unit.
- No special tools required.

Contemporary Design:

- A traditional edger has been redesigned to bring a modern flair, and almost endless design possibilities, to your next project.
- Eye-catching geometric definition adds visual appeal and function.

Note: Unit color, dimensions, weight & availability varies by manufacturer.

EDGERS | GRAND PRIZE™ EDGER

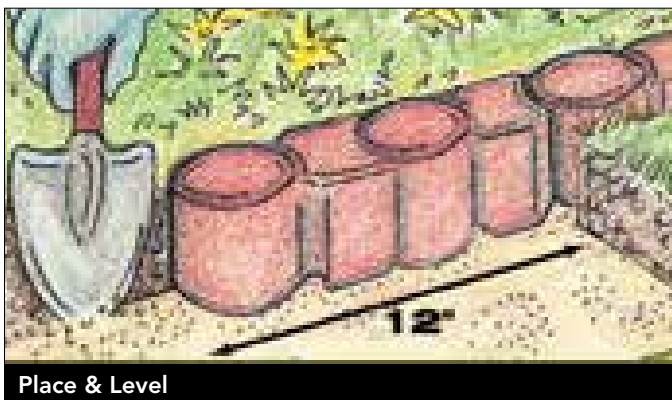

INSTALLATION

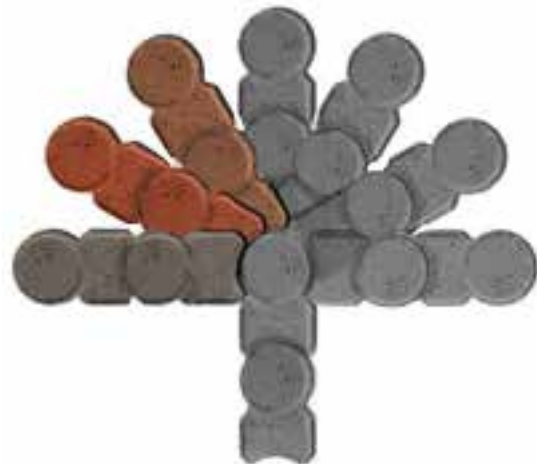

Mark & Dig

Mark an outline of your project. Then dig a shallow trench 3" (76mm) deep by 6" (152mm) wide to receive the edging unit.

Place & Level

Place units in the trench, over landscape fabric.

180° Rotation

Lock the ball from one unit into the socket of the next to achieve any angle up to 180°. Curves, radii and corners are a snap!

Use this chart to estimate the number of units you will need.

| Units | Linear Project Length | | | | | | | | | |
|-------|-----------------------|---------------|---------------|---------------|---------------|---------------|----------------|----------------|----------------|----------------|
| | 5' (1.5m) | 10' (3.0m) | 15' (4.6m) | 20' (6.1m) | 25' (7.6m) | 30' (9.1m) | 35' (10.7m) | 40' (12.2m) | 45' (13.7m) | 50' (15.2m) |
| | 5 | 10 | 15 | 20 | 25 | 30 | 35 | 40 | 45 | 50 |
